Department of Accountancy- 2022-2023

Report: Field visit to Suhana Masala Farms and Warehouse

The Department of Accountancy organized Field Visit of TY BCOM and SY BCOM Cost and Works Accountancy Students to Suhana Masale Factory and Warehouse at Yavat on 28th January 2023 as a co-curricular activity.

The students were introduced to the philosophy of Pravin Masale and the manufacturing of spices and provided with appropriate gear to start the tour of the manufacturing facility. The batches were guided through the Quality Control Department; Processing and Manufacturing department followed by the Packing Department. Students also got to learn about types of products; Inventory Management and use of technology for just in time batch stamping during packaging.

The students got an opportunity to interact with the management who shared details about number of workers, method of attendance for wage calculation, method of remuneration and fringe benefits provided to workers. The company uses SAP ERP and has a 'State of the Art' Warehouse which was also the part of the visit.

The students visited the Waste Management facility that enables them to completely replace use of LPG gas with biogas- a step towards sustainability.

The students also got to know about worker record maintenance method that becomes basis for remuneration and policies introduced by the company for retaining workers.

Post lunch, the students visited the Warehouse to learn about Warehouse Management System (WMS). The Company uses very hi-tech machinery for loading, unloading and stacking the inventory. Which enables them to reduce the cost of laborers while maintaining the temperature indoors.

The students were exposed to the factory perspective which was very important from Costing Perspective.

The visit ended with feedback from the organizers as well as students and Certificates were granted to all students.

A total of 78 students attended the session.
